

Health Requirements for your Student For the Next School Year

New York State Dept. of Health requires that students entering Pre-K4, Kindergarten, 2nd, 4th, 7th and 10th Grades have a physical dated not more than 12 months proper to the date of starting school. An immunization record with a doctor's signature on it must also be received by the first day of school. This must be obtained by your own physician.

If these 2 items are not received we will be forced to ask that your student stay home from school until they are received.

The required immunizations are:

3 DPT (Triple Vaccine)

3 Oral Polio

2 Mumps, Measles, Rubella (MMR)

3 Hepatitis B

Chickenpox (Kindergarten)

You may have your doctor mail or fax a copy to us.

Fax# 270-1659

We recommend you start now to get an appointment because summer is a busy time at the doctor's office.

Everyone is trying to get appointments for physicals before the first day of school.!

Health Forms are available in the school office.

Call us at 271-0526 and we will send one home with your student.
