

Oakwood Christian School Health Screening

***All physicals must be received in the school office by 10/5/07 and dated not more than 12 months prior to 9/5/07. All physicals must include visual & hearing & scoliosis screening, and height, weight and blood pressure.

Immunizations record must be received by 9/19/07.

Students entering 6th grade and who are 11 years of age or older must receive an immunization containing tetanus toxoids, diphtheria, and acellular pertussis.

If a student receive Td, Dt, or Dtap vaccination with the last 2 years, the student's Tdap vaccination should be deferred until a period of 2 years has lapsed.

10 years old students who are entering 6th grade will not be required to receive Tdap vaccine, but will need it when they turn 11.
